WHAT'S DIGITAL MARKETING

- communication.

• The promotion of your brand to connect with potential customers using the internet and other forms of digital

• This includes email, social media, web-based advertising, content, copywriting and multimedia messages using the right marketing channels for your business.

WHY THE CELLAR? **Because it contributes to your business growth**

The Cellar is an online Mentoring Business Support System guiding, encouraging and helping you apply The Core Assets + The Cellar manual information in a detailed, supportive manner.

TARGET

The audience that's relevant to your business industry and clients' demography using the internet to connect to your audience on a computer, tablet or laptop to spread your message to your audience.

STRATEGY

The Cellar contains 32 strategies and 9 tactics that you can use in your marketing content and post on social media platforms. All strategies and tactics are explained tried, tested and used in the manual everyone talking about The Core Asset + The Cellar.

COST

Measure the cost of your marketing campaign. Ensure that you have a marketing advertising budget. Because your cost can increase if you're not careful. Make sure you priced your products or services using the pricing strategies found in The Cellar.

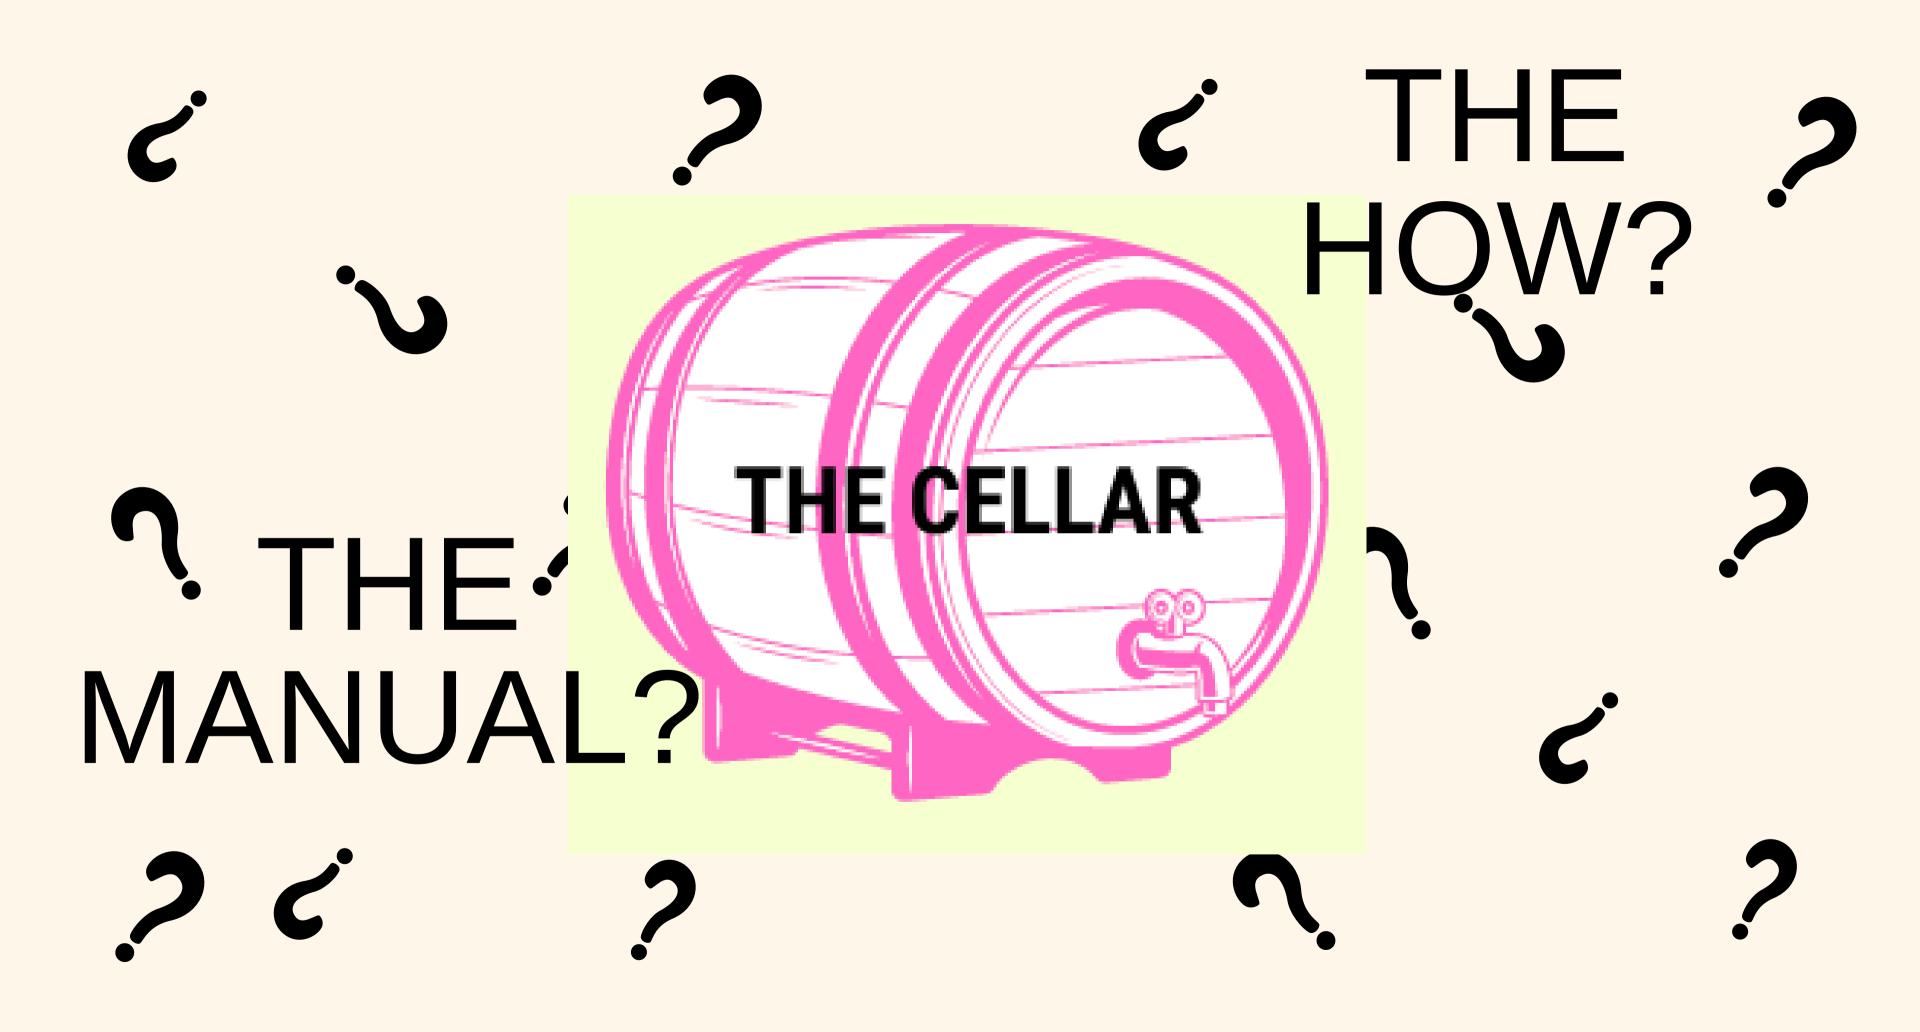

TOOLS

The Cellar tools can help you measure and monitor your campaign and encourage you to implement the strategies and tactics found in the manual + The Cellar. The Cellar tools teach you the foundation of marketing and its application to business using methods of communication.

USE DIGITAL MARKETING—SIMPLE > QUICK >LUCRATIVE

With The Cellar tools mastery; Digital Marketing become easy using the channels available to access your audience. Don't sweat the small stuff, if you are not successful, try market testing your content and send two different messages about the same products or services, give an offer that can't be refused. Check if you are talking to the right crowd for your products or services.

Search Engine Optimization (SEO)

QUALITY OF CONTENT

Your website is a communication channel, ensure its content has marketing value. Make sure your on-page SEO is done and Off-page SEO is done to maximise your visitors and turn them into recurring paying clients.

STAGE 2

Create the perfect MAP. Content marketing mapping is important it helps you acquire clients fast because you have researched the market and your customer's demography before creating your AVATAR. Map your client progress through your SALES funnel. Then systemise the strategies and tactics used to get paying clients.

STAGE 1

Result for your clients using our online mentoring system tools and the 9 tactics with one or two strategies. Remember and pay attention there are 32 strategies but they all have their own purpose. Therefore use the right strategies for your own aim to attract the right clients to your business for your industry.

STAGE 3

Acquire your clients at the right fee for your products and services. Make sure you increase the number and quality of inbound links in your social media marketing campaign and email marketing as well as mobile apps used. Inbound strategy personalises your message. **Providing a personalised experience** to your prospects and clients can be achieved through a strategic inbound marketing plan resulting in sales.
